

Juliet Taylor

ASEA Board Member

Juliet Taylor I began my career in the title and escrow field in 2002 in California. Since transferring to Arizona in 2004 I have had several positions which have included time in title examination, sales and escrow. My passion lies in training and I was able to hone these skills while in sales and I continue to seek opportunities to train both escrow personnel and Realtors.

I received my undergrad degree from Arizona State University in 2001 and achieved my Master of Business Administration in 2008, also from ASU. I spend my spare time with my husband and two wonderful children.
